

One prevention-oriented ecosystem. Built by the field, for the field.

Capability Statement

DJC Solutions, LLC

2026

About DJC Solutions

DJC Solutions, LLC, founded by Dave Closson, is a prevention-focused consulting company and a connected ecosystem of strategy, training, community, and content. We help prevention leaders build connected, sustainable systems that keep working after an engagement ends, serving prevention professionals, coalitions, and agencies across the United States and internationally, with a deep commitment to military members, veterans, and law enforcement.

Our work is collaborative, involving client personnel, resources, and the transfer of skills to the client. We work with specific objectives and clearly established outcomes and timing, contributing to the client's prevention goals.

Our Approach

Six service lines, one connected approach: **Facilitation, Training, TA & Consulting, Speaking, eLearning, Media & Podcasts, and Coaching.**

Each is grounded in evidence and frontline experience, and each is designed to build one connected system rather than a pile of programs.

Prevention Leaders Network

Beyond individual engagements, the Prevention Leaders Network is a peer community with on-demand courses, and the Prevention Leaders Masterclass is a six-month cohort program. The Prevention Leaders Podcast and the Pathways 2 Prevention Podcast keep the conversation going across the field.

About Dave Closson

Dave Closson, M.S., founder of DJC Solutions, is an established speaker, author, coach, veteran, and facilitator with a passion for linking arms with others to build healthier, more connected communities.

A combat veteran, Dave served as an Army infantry team leader and sniper as a part of Operation Iraqi Freedom and later as a university police officer at Eastern Illinois University. A prevention professional since 2009, he served as the founding director of the Mid-America Prevention Technology Transfer Center (2018–2021) and has presented internationally, including at ISSUP in Thessaloniki and the UN 68th Commission on Narcotic Drugs in Vienna. He hosts the Prevention Leaders Podcast and the Pathways 2 Prevention podcast.

Dave has a Masters in Technology, Training and Development and Bachelors in Environmental Biology. He earned the Combat Infantryman's Badge and was awarded two Army Commendation Medals (one for valor and one for meritorious service).
